## PROJECTS

**MERN Auth** – A dynamic authentication website built with React, Node.js, Express.js, and MongoDB, enabling secure user login and registration.

**Portfolio Website** – A fully responsive personal portfolio built with React and Email.js, featuring interactive project showcases, smooth navigation, and a real-time contact form.

**Restaura** – A modern restaurant website using React, Tailwind CSS, and Framer Motion, with animated sections, smooth scrolling, and dynamic components like a review gallery and contact form.

**Wanderlust** – A hotel booking web app built with HTML, CSS, JavaScript, and Bootstrap on the front end, using Node.js, Express.js, EJS, and MongoDB for dynamic back-end functionality.
